Deutsche Entomologische Zeitschrift

An International Journal of Systematic Entomology

Instructions for authors

Scope

Deutsche Entomologische Zeitschrift is an international peer-reviewed journal of systematic entomology. It publishes original research papers in English on systematics, taxonomy, phylogeny, comparative and functional morphology, as well as biogeography of insects. Other arthropods are only considered where of relevance to the biology of insects. The geographical scope of the journal is worldwide. Priority is given to revisional work and comprehensive studies of phylogenetic, biological or zoogeographical relevance. The journal also welcomes review articles pertaining to systematics and biology of insects.

- *Ownership:* Authors must declare that the submitted work is their own and that copyright has not been breached in seeking its publication.
- *Originality:* Authors must declare that the submitted work has not previously been published, and is not being considered for publication elsewhere.

Language and style

- The language of publication is English. There is no general limitation of the length of manuscripts, but please contact the editor before submitting papers exceeding 30 printed pages (approximately 60 manuscript pages including figures).

The publication process

Peer reviewing

Manuscripts are subject to peer review. All manuscripts submitted will be reviewed by at least two experts. Authors are welcome to make suggestions for competent reviewers.

Proofs

Prior to publication of your manuscript you will receive proofs in PDF format. Please correct and return the proofs within two weeks to the editorial office.

We recommend using the standard proofreading marks or – in the case of a few corrections – using page and line numbers.

Do not change the contents of your article. Corrections extending beyond production errors will be carried out at the expense of the author.

The editorial office reserves the right to publish your article with only the editor's corrections, if your corrections do not reach us in time.

Publishing

The journal is published in print and online. It is accessible in open access at Pensoft: <http://dez.pensoft.net>
